

15th City Council District

Joel Bauza (C)

Greetings, My Name is Rev. Joel Bauza and I am a candidate for City Council in District 15 located within the Great Borough of the Bronx. I am a Bronx born and raised Latino. As a community activist for over 25 years and as Senior Pastor of a Community Church, I have heard the plea of our people needing to be heard and assisted. They have truly been my inspiration and motivation for the work I do within the community. I do out of conviction not convenience. I believe that thru my leadership I'm the best qualified candidate for this position. We are all aware of the problems that exist such as, Affordable Housing, Board of Education vs Charter Schools, Crime / Safety, Special needs for our seniors, Job creation, raising the minimum wage, more after-school programs for our children, and child care. I'm here not to state the obvious, but to work alongside the residents within our district and bring solutions that make sense. The community is tired of absentee leadership and empty promises of hearers and little doers, this is why I need you to elect me as your next City Council Member, I will ensure that my constituents voices will be heard and respected and together we will bring change. VOTE BAUZA on Election Day. Thank you, and God Bless you and our great Borough of the Bronx.
